

Lumiere XXL+XXS, table design Rodolfo Dordoni 2014

FOSCARINI

It was back in 1990 when the designer Rodolfo Dordoni presented Foscarini with the proposal for a refined, elegant and creative reinterpretation of the classic bedside lamp. From that meeting, Lumiere was born, which is still one of the collection's best sellers and has since become an icon in the contemporary design field. The first Lumiere went on to inspire the xxl and xxs versions, a reinterpretation of the original project, with new proportions and a stronger design. Today, Lumiere xxl and xxs have been revamped, with modern colours emphasizing their refined

elegance and bringing them closer to the tones of contemporary furnishings. Next to the classic white version, refined cold grey and cold brown colours are now available for the blown glass shade, in conjunction with new aluminium or black chrome finishes for the frame. The new Lumiere xxl reading lamp is instead an expression of entirely new research in terms of proportions, size and aesthetic language. It keeps the dualism between the blown glass diffuser and the metal base, is coordinated with the new colours of the table version, but it completely redesigns its forms

and harmony, creating a new presence in the room. Important but not intrusive, elegant but not ostentatious, it is particularly well-suited for living areas.

Lumiere XXL+XXS, table technical info

FOSCARINI

Description

Table lamp with direct and diffused light. Hand-blown cased glass diffuser with glossy finish, white on the inside and coloured on the outside. Die cast aluminium base and rod, hand finished and polished in the aluminium version, coated with liquid paint in the black chrome version. ON/OFF switch with dimmer for the gradual brightness adjustment.
