

Tress, floor design Marc Sadler 2009

FOSCARINI

The seduction of a woman's tress wash the initial inspiration for the Tress family of lamps. This design-come-true by Foscarini was achieved through the development of a completely original technological process, involving a fiberglass and resin tape woven with orderly casualness to become the structure and aesthetics of the lamp. Tress changes personality according to its colour: it is light and discrete in white, strong and decisive in black and volcanic and totemic in crimson, which makes the contrast between the interior and the exterior even more evident. In the

floor version the weave includes the power cables and acts at the same time as the structure, decoration and screen, a never before seen interplay of full and empty spaces, light and shadow. The light spread through the lamp produces a particularly attractive effect, thanks to two separate light sources: the one in the lower position completely illuminates the interior and highlights the graphic presence of the weave, while the upper light produces an illuminated reflection towards the ceiling.

FOSCARINI

Description

Floor lamp with diffused and indirect light. The fibreglass-based composite material diffuser is produced by modelling tape along a mould with an automatic control of the pitch/pattern, which is then epoxy powder coated. The large version features two separate light sources: one is located at the upper tip of the diffuser, and the other inside the diffuser; upper parabola made of aluminium. The transparent cable is fitted with a dimmer which can be used both to adjust the level of luminous intensity of the upper light source gradually or as the ON/OFF switch for the lower light source. In the medium version: single light source in the base inside the diffuser; the dimmer fitted on the transparent cable can be used both to adjust the level of luminous intensity gradually as well as an ON/OFF switch.

Materials compound material on lacquered fibre base, coated metal and aluminium

Colors black, white, crimson, greige, indigo

Brightness light
semi-diffused and up direct light

Model

Tress large

Weight
net lbs: 18,74
gross lbs: 28,66

Packaging
vol. cub. ft.: 7,275
n. boxes: 2

Bulbs
halogen 1x50W E26 PAR 30 40° + halogen 1x200W RSC

with dimmer included double switch (minimum bulb output 40W)*

Cable length

Tress medium

Weight
net lbs: 8,60
gross lbs: 13,12

Packaging
vol. cub. ft.: 4,167
n. boxes: 2

Bulbs
halogen 1x75W E26 PAR30

with dimmer included (minimum bulb output 60W)*

Cable length

Tress large LED

Weight
net lbs: 24,25
gross lbs: 31,97

Packaging
vol. cub. ft.: 7,275
n. boxes: 2

Bulbs
LED included 46,4W 2700°K 4174 lm CRI>90 69lm/W

with dimmer included
